

You will likely be stuck in traffic for a while if you drive Interstate 15 near Lake Hodges on Saturday night, March 18, and Sunday morning, March 19.

That's because the freeway will be narrowed to just one lane in each direction and detoured onto Pomerado Road and Rancho Bernardo Road on this night while construction takes place from 10 p.m. to 8 a.m. Electronic message signs will help guide motorists along the detour.

This work and subsequent travel restrictions (see the detour map) are necessary to remove and begin reconstruction of the Pomerado Road/West Bernardo Drive Overpass, just south of the lake. This is part of the I-15 Managed Lanes Project.

The California Department of Transportation (Caltrans) urges motorists normally traveling this corridor to consider taking Interstate 5 as a parallel route, with inland connections at State Route 56 and SR-52 in the south and SR-78 in the north.

Another option may be to postpone all trips through the area until Sunday morning after 9.

If you have any questions regarding this critical portion of the freeway project, please contact the Caltrans Public Information Office at 619-688-6670.
